CHILD BADLY BITTEN BY VICIOUS DOGS

Mrs. Spillman Who Attempted to
Rescue Little One Was Also At-
tacked—Dogs Heads To Be Sent
to Chicago

The four years old daughter of
Mr. and Mrs. F. J. Campbell of 228
West Walnut street was severely
bitten about the back of the neck
and arms by dogs Tuesday afternoon
about 5:30 o'clock.

The child was playing and entered
the yard of O. C. Spillman who
resides next door at 222 West Wal-
nut street. Mr. Spillman has a num-
ber of Shepherd dogs which attack-
ed the child.

The little one ran into an out-
building and Mrs. Spillman follow-
ed her in an endeavor to prevent the
dogs from further attack. In ward-
ing off the dogs Mrs. Spillman was
sitten in the arm. Employees from
the Carnival which is showing on
the lot near the Spillman residence
went to the rescue of Mrs. Spillman
and the child and succeeded in beat-
ing the dogs off.

Both Mrs. Spillman and the child
were given surgical attention. It is
probable that the dogs will be kil-
led and the heads sent to Chicago for
examination for rabies.

Mrs. Thomas Oxley, sons Clyde
and Harold and daughter were in
the city yesterday from the vicinity
of Durbin.

It is a matter for pride that on the
part of all Illinoisans that this state
has already brought forward fifty
per cent of her assignment of enlist-
ments. In New York the record is
but twenty per cent and enlistments
there seem to indicate that the young
men are not nearly so anxious to go
to war as they were to advocate it in
advance.

HELPING THE TEACHERS.

The board of education at Hills-
boro has taken cognizance of the
high cost of living in a way which
will not be conducive to bettering
the school system but is quite help-
ful to the teachers in a financial way.
In the past a board requirement has
been that the teachers shall spend
part of the vacation period in nor-
mal study. For this year the restric-
tion has been removed, as the board
does not feel that it can increase sal-
aries but at the same time realizes
how the individual expenses of the
teachers have grown. As suggested,
this is not a forward step in educa-
tion but it does have an element of
appealing justice.

A HIGH PRIVATE

(Boston Transcript)

Fine examples are never lacking
in great times in this old revolution-
ary commonwealth. We have such
an example to record today in the
action of Charles H. Cole, former
adjutant general of the state, a man
long prominent in our political life
and one honored in and honoring
many capacities. Offering himself to
the gallant colonel of the gallant
Ninth Regiment to serve in any way
in which his sword or his brain
might be available. Mr. Cole was
informed that there was but one
place open in the regiment in which
his offer could be accepted immedi-
ately, and that was as a private in
the ranks. Thereupon he enlisted
as a private. This is the good old
spirit; the act will arouse enthusi-
asm and it ought to. It is of a char-
acter to influence the action of thou-
sands.

HISTORICAL REFERENCES MUST BE TACTFUL

In these days of rampant patrio-
tism one must needs be a little care-
ful about references to the past in
view of the present alignment of the
U. S. For example we are wont to
view with great approval and feeling
reproductions of that famous pic-
ture, "The Spirit of '76," which
shows three Revolutionary heroes of
youth, middle age and old age, with
life and drum, the wounded pressing
forward ever. Of course that is a
picture which glorifies the spirit of
American independence thru which
the U. S. came into being and severed
its relationship with the moth-
er country of England. Now Great
Britain is our ally and there is some
little delicacy about too great a glo-
rification of earlier events in our
history. The Chicago police board
took cognizance of that fact this
week when they refused to permit
the exhibition in movies of "The
Spirit of '76." The decision was
reached after several conferences
had been held with federal officials.

CROP REPORT SHOWS NEED TO CONSERVE WHEAT SUPPLY

A late government crop report
gives somewhat alarming information
about wheat, as it indicates that
the total crop of the U. S. this year
will be very little more than the
normal amount that is needed for
home consumption. These figures
are given in face of the fact that
the allied nations are expecting mil-
lions of bushels to be sent to them.
The report gives argument to those
who believe that the manufacture of
liquor should be suspended or cur-
tailed during the war. But the prin-
cipal point is that consumers in the
U. S. must learn the use of substi-
tutes. For months past the agricul-
tural department at Washington has
been carrying on a campaign in en-
deavor to teach the people that corn
bread is as nourishing as wheat
bread and that there are other sub-
stitutes which can be used satisfac-
torily and without the requirement
of any vast amount of self-denial.

With such a shortage there is ev-
ery reason to expect continued high
prices for grains and this may be
taken as a reason for government
control. But with the great law of
supply and demand underlying the
whole situation it is entirely prob-
able that the government will take
hold of the situation and name pri-
ces far different from those already
prevailing on the crop of the year.

THE TASKS THAT LIE NEAREST.

Some little indication of what the
citizens who stay at home can do in
this war is found in a local incident
which naturally has been given very
little publicity. One of the recruits
who has gone from Jacksonville to
do service for his country is an or-
ganist at one of the local churches.
His place has been voluntarily taken
by a member of the same church who
is well beyond the age for conscrip-
tion service or for the officers train-
ing camp. The relief organist will
draw the same pay as the young sol-
dier but the money will not be kept
for his personal use and instead will
be forwarded each month to the sol-
dier or deposited to his credit in a
local bank.

This incident, which some might
consider as trifling, is very signifi-
cant of the times and the spirit that
U. S. citizens are beginning to show.
All cannot go to the front. All can-
not engage in occupations at home
directly beneficial to the production
of food or munitions, but every man,
woman and child who has the real
desire to do so can find some way
to serve his country. That is the
duty of each of us. Nearly all are
willing but many are groping about
in the dark trying to think of some-
thing patriotic to do, when probab-
ly "their eyes are holden" and pa-
triotic duty is that which lies near-
est.

MORE FACTS

WOULD AROUSE PEOPLE

W. E. Brigham, the Washington
correspondent for the Boston Tran-
script, has this paragraph:
"If the people of this country
were permitted to read the confiden-
tial reports which the Department of
State has received from authorized
representatives in Germany since
Jan. 1, they not only would demand
the overthrow of the house of Ho-
henzollern, but would rise as one
man to help destroy everything Ho-
henzollern."

This statement called forth the
query from the Chicago Post. Why
a more intimate knowledge of what
the government really knows about
Germany would not be beneficial to
the American people.
While there has been some awak-
ening in past months there are still
localities where the seriousness of
war is by no means understood. A
great many citizens hold belief that
the U. S. is really putting up a good
deal of bluff and will not be called
upon for very serious service. Those
who read carefully are very much
of the opposite opinion and earnest-
ly believe that the U. S. has entered
a war which will not speedily termi-
nate and that the very existence of
the principles on which this country
is founded depend upon the outcome
of that war. As the post says:

"The whole story of the treatment
of the American seamen who were
captured when the merchantman
Yarrowdale was sunk never has been
told to the American people. The
Department of State has all the par-
ticulars. A part of the in-human-
tale has been told, but not all of it.
It might serve a good purpose to tell
it today, and with it to tell the oth-
er stories which officials of the United
States government could tell if they
would."

Rippling Rhymes By WALT MASON

THE MAN OF GRIEF.

The kaiser's face looks sad and
worn; his eyes forever seem to
mourn; his features have a blood-
less hue, his hair is white, his whis-
kers too. He's aged a score of years,
they say, since that important day,
when forth he sent his steel clad
host, his war machine, his pride and
boast. Think of the things that he
has done! Who would not age ten
years in one? I would not have
the kaiser's sleep for all the treas-
ure in the deep; for to that sleep
what dreams must come—what
shades of victims, dead and dumb!
The women lost in sinking ships are
there, with white accusing lips; the
babies and the graybeards old, rise
from the billows blue and cold, come
to his couch in voiceless bands and
at him point their dead, white hands.
He's wet the world with blood and
tears; and when have passed a thou-
sand years, men still will shudder
at his fame, and damn the German
butcher's name. He's aged a score
of years, they say, he's haggard,
nervous, racked and gray. No! for
his kingdom would I know the kais-
er's load of guilt and woe!

solely in Mons. Cabot. He has
commenced rebuilding the Temple
and employs the labor of 300 men
upon the work. The basement
story is to be laid off in kitchens,
the first floor is to be converted
into a dining room capable of ac-
commodating 1,000 persons, and a
remainder of the building will be

The memorial service committees
of Illini Lodge No. 4 and Urania
Lodge No. 243, I. O. O. F. held a
meeting recently and selected Sun-
day June 3 as the day for the annual
sermon of the order.
The committee from No. 4 is com-
posed of F. M. Brewer, R. C. Allen
and John Deatherage. Urania com-
mittee is composed of Charles S.
Black, A. C. Baldwin and C. E. Wil-
liamson. Charles Black is general
chairman of the joint committee.

The annual sermon will be preach-
ed by the Rev. E. L. Fletcher at Cen-
tenary church. The committee is at
work on the program for the day,
which will be announced later.

CONCESSION STILL PARK BOARD SUBJECT

Contract with Mullenix & Hamilton
Signed—Removal of Cosgriff
Bros. Property Brings Loud Pro-
test—Various Nichols Park Af-
fairs Discussed.

At the meeting of the park board
Tuesday night the matter of great-
est interest was the Nichols park
concession, just as has been true of
all recent board meetings. Messrs.
Mullenix & Hamilton, who were
awarded the contract at a previous
meeting because their bid was the
highest, made the first payment on
the concession and the contract with
the firm was signed. The chair-
man reported that as Cosgriff Bros.
had been notified to remove their prop-
erty from the eating pavilion and
had not done so, he had by the in-
struction of the board directed Cust-
odian Kelly to remove the property
and to do so in a manner not to in-
jure it.

Cosgriff Bros. who were present,
made violent and loud protest,
maintaining that they had been
treated wrongfully and declaring
that they would send out armed men
to take possession of the pavilion and
put their property back in. The
board warned them to do so at their
peril.

The report made by Mr. Gomes
indicated that the floor of the bridge
has been completed. Mrs. Holling-
er showed a plan for a proposed
monkey house and was instructed to
submit the plans to Cy DeVry, head
keeper at Lincoln park, Chicago, and
ask him for suggestions. Permis-
sion was granted J. W. Baptist, who
has the contract for concrete walks,
to drive on the grass at Duncan
park to the extent necessary in hand-
ling his materials. Custodian Kelly
was given authority to employ suf-
ficient help for the season's prelimi-
nary work.

G. A. Sieber was requested to con-
fer with City Engineer Henderson in
the preparation of plans and speci-
fications for the proposed electric-
al work in Central park. Following
the meeting he and several mem-
bers inspected the site of the propos-
ed work. The request of Harry Oh-
ermeyer with reference to certain
desired marking of holes at the golf
course was referred to Mr. Brennan
and Mrs. Wehl. Adjournment was
taken after informal discussion of
some matters of minor importance.

SOCIAL EVENTS

Strawn's Crossing Club

The Strawn's Crossing Woman's
club met Tuesday afternoon at the
home of Mrs. Edgar Boston on South
Church street, with a goodly num-
ber of members present. Mrs. Edward
Armstrong, president of the society,
presided during the afternoon. A
paper on state penitentiaries was
presented by Mrs. Wesley Robinson
and Mrs. Charles Cully discussed
cake making. Following the formal
program came a social hour with re-
freshments. Mrs. Harry Martin was
admitted to membership and there
were five guests in the company. The
next meeting will be held with
Mrs. Felix Foster Tuesday, May 22.

Picnic Party at James Mahon Home

Three autos filled with young peo-
ple on merrymaking bent went to
the home of Mr. and Mrs. James
Mahon, northeast of Sinclair late
Tuesday afternoon. A picnic supper
of excellent quality was served and
after a brief, but very pleasant, so-
cial time the party made their re-
turn.

Phi Nu Society in Annual Picnic

Mrs. A. C. Metcalf and Miss Win-
ifred Wackerle tendered their an-
nual picnic to members of Phi Nu
society Tuesday evening in the so-
ciety rooms at the Woman's college.
A short society meeting was first
held and the two-course luncheon
which followed was thoroughly enjoyed
by each of the forty or more guests.
Mr. and Mrs. J. R. Harker and Miss
Wilhelmina Balcke were Phi Nu
guests. The society colors were
used in decoration to charming ef-
fect.

MATRIMONIAL

Swan-Lyons.

William Swan and Miss Ethel
Lyons were married Tuesday even-
ing at their home of Mrs. Stella Smith
on South Sandy street, mother of
the groom. The Rev. M. L. Mackey
performed the ceremony. The groom
is employed at Cherry's livery. Mr.
and Mrs. Swan will make this city
their home.

WILL PURCHASE FLAG FOR PUBLIC LIBRARY

A suitable flag is soon to be ac-
quired for the public library, accord-
ing to decision made Tuesday after-
noon at the regular meeting of the
library board. The matter was re-
ferred to a committee consisting of
the Rev. W. E. Spoonst, Mrs. O. F.
Bulle and Miss Lydia M. Barretto,
the librarian.

Announcement was made at this
meeting that the Sunday afternoon
meeting of the reading room would
be maintained thru May only.

JURY DISAGREED IN

BOYDSTON CASE

In the case of the people vs. Max
Boydston, charged with the aban-
donment of his wife, Lillian Boyd-
ston, the jury disagreed and were
discharged by Judge W. E. Taom-
son. The case will be called for re-
trial Friday forenoon at 9 o'clock.
Priest represented the people and
J. J. Reeve and Hugh P. Green ap-
peared in behalf of the defendant.

Miss Nell Day is confined by ill-
ness to her home northeast of the
city. Miss Day suffered an attack
of measles and this has been com-
plicated by symptoms of tonsillitis.

MORTUARY

Holley.

Charles Holley, a resident of Jack-
sonville for more than sixty years
died at the home of his sons, William
and Walter Holley, 1152 Hardin ave-
nue Tuesday afternoon at 4 o'clock.
Mr. Holley had been in failing health
for some weeks and death was due to
diseases incident to old age.

Deceased was born in Salisbury,
England, May 11, 1828, and would
have been 90 years of age had he liv-
ed until Friday. He left England for
America on a sailing vessel in the
fall of 1856 and was 18 years in
making the voyage. The vessel
landed at New Orleans and the trip
to this state was made by boat on the
Mississippi and Illinois rivers to Na-
ples, thence to Jacksonville by stage.

Mr. Holley was united in marriage
in England to Miss Elizabeth Davis
who preceded him in death in 1867.
To this union nine children were
born, six of whom preceded him in
death. One son, Albert Holley, died
in March, 1898, while mayor of Jack-
sonville. The others deceased are:
Edward, John, Charles and Emily
Holley and Mrs. William Kent. Those
surviving are: William and Wal-
ter Holley and Mrs. Florence San-
ders all of this city. He also leaves
one grandson, Walter Holley of St.
Louis, two granddaughters: Mrs.
John B. Siebert and Mrs. Henry
Muehlhausen and one great grand-
daughter, Florence Louise Muehl-
hausen all of this city.

Mr. Holley was an expert gardener
and during all his residence in Jack-
sonville followed that occupation.
For many years he resided at 421
South Clay avenue. In the early
days Clay avenue was only open as
far as Franklin street. Mr. Holley
often took of gardening where the
Franklin school now stands and of
plowing round a grave that used
to be in the Franklin school yard.

His sons also took up the calling of
their father when failing health and
old age compelled him to retire and
they now follow gardening at 1152
Hardin avenue.

He was a member of State Street
Presbyterian church and was a man
highly regarded in the community.
Funeral services will be held from
the residence, 1152 Hardin avenue,
the time to be announced later.

GIVE RUMORS OF SUBMARINES COLOR

Government Running Down Stories
That American Trans-Atlantic
Freighters Have Supplied U-Boats.

Washington, May 8.—Persistent rumors of German submarines in the south Atlantic were given additional color today when it was disclosed that government investigating agencies are running down a story that freighters of the American Trans-Atlantic company, flying the American flag have carried supplies to sea for U-boats.

Officials would not go into details, but it was assumed the report prompting the investigation probably came from members of the crew of the Manitowoc quoted in news despatches from Porto Rico today as charging that the Manitowoc and other trans-Atlantic company vessels have transhipped to German submarines at sea, quantities of food and fuel smuggled out of New York.

How far the inquiry has progressed was not indicated but officials believe the report gave the impression that no definite conclusions had been reached. In many quarters the inclination was to regard the report as merely another of the crop of unfounded rumors current here since the visit of the U-53 to Newport.

Some naval officials, on the other hand, have not concealed their belief that German submarines and raiders have been supplied from this side of the Atlantic.

Dubois, Pa., May 8.—Delegates representing 50,000 bituminous coal miners in District No. 2, United Mine Workers of America, today formally rejected the agreement recently reached with the operators in Philadelphia and served notice on their employers that they would strike Tuesday if they were not granted an advance of 33 1-3 per cent.

ENGLAND'S "MEATLESS DAY" TO BE ABOLISHED

LONDON, May 8.—Great Britain's "meatless day" is to be abolished because it augments the demand on breadstuffs and other substitutes, which are less plentiful than meat. This was announced today by Baron Davenport, the food controller, in the house of lords. He declared a diminution in the consumption of breadstuffs was of vital moment and a main factor in the situation but he added:

"Provided that the call for a reduction is responded to and the efforts of the submarines are not successful beyond reasonable likelihood we shall get thru with fairly satisfactory balance in hand to the time the new harvest becomes available."

HEAR TESTIMONY OF SOUTHWESTERN ROADS

WASHINGTON, May 8.—Executives of southeastern railroads told the interstate commerce commission today that a general increase in freight rates is absolutely necessary if the systems are to meet an "endless chain of advancing costs, both of labor and material." Nearly all agreed that a fifteen per cent advance, tentatively ordered by the commission would narrow, but not close the breach between net revenues and expenses.

Spokesmen for the southeastern lines are expected to conclude their testimony tomorrow morning and then those of the roads in the west will present their arguments.

ARMY AVIATORS REPORT.

VAWTER CASE MAY GO TO JURY TODAY

CHRISTIANSBURG, Va., May 8.—Closing arguments in the trial of Charles E. Vawter for the murder of Stockton Heth, were halted this afternoon when Judge Moffett adjourned court to allow members of the jury to retire and compose their verdict. B. L. Jordan, speaking for the defense had brought ears to the eyes of the court, jury and spectators with a verbal picture of the tragedy and an attack on the character of Heth.

The case probably will go to the jury tomorrow.

200,000 SEEK ADMISSION TO TRAINING CAMPS

WASHINGTON, May 8.—More than 200,000 men, five times as many as can be accommodated, have applied for admission to the sixteen officers' training camps which opened today to begin developing the men who will lead new American armies to be raised within the next four months. About 60,000 have been certified as qualified for admission and from these 40,000 will be selected and placed under intensive instruction within the next ten days.

Men already holding commissions in the officers' reserve corps began reporting at the camps today.

Y. M. C. A. COMMITTEES
TO OTHER COUNTIESDelegations go Thursday to Beards-
town, Virginia and Winchester.

The committee in charge of the solicitation for the Y. M. C. A. work in the war zone met at luncheon at the Y. M. C. A. building yesterday. The district over which this committee has direction of the work includes Morgan, Scott and Cass counties. The work was outlined and it was determined to send committees to Beards-town, Virginia and Winchester. H. J. Rodgers will take the men to Beards-town, Dr. Edward Rowe will take the workers to Winchester and Dr. G. H. Kopperl will head the delegation to Virginia. In these towns they will co-operate with other committees in a special effort to see prospective contributors. No late report from the state at large has been received, but it is known that in a number of other districts the response had not come up to expectations, just as has been the case here. The local committee now proposes to use every possible effort to accomplish the work for which it was appointed.

SEWING MAY SAVE THE
NATION, SAY WOMEN

By diligence with the needle may the national cause be won, say authorities of the Red Cross who call attention to the great demand for socks and other articles of necessary wear which women may make. Comfortable clothing may represent the difference between victory and defeat. A Chicago paper which came to Jacksonville yesterday carried the suggestion that women should not knit. This is an error. The local Red Cross chapter is in daily communication with the Chicago headquarters and they have been assured that the army will need warm woolen socks in almost countless number.

Here are directions for one of the articles needed, the Kitchener socks approved by the army staff.

Knit 2, part 2.
Make about 22 in. long.
For toe; narrow every 6th stitch for one row.
Knit 6 rows plain.
Narrow every 5th stitch for one row.
Knit 5 rows plain.
Continue until only six stitches are left.
Bind off.
One hank makes one pair.
(Use No. 13 steel needles.)

RETURN FROM CALIFORNIA

Mr. and Mrs. John Boston have returned from a visit of several months in California. They expected to remain in California for a much longer period but on account of the unrest resulting from the war decided to return home. Mrs. Boston has been in California for the past year on account of her health which is much improved. Mrs. Frank McDougall came back with Mr. and Mrs. Boston, having received word of the serious illness of her mother at Springfield. While in Los Angeles Mr. and Mrs. Boston heard the Rev. R. F. Thrapp preach.

SERGT. HANSON GOES
TO LINCOLN

Sergt. Hanson, who has been in charge of the United States army recruiting office here, closed the office temporarily and left Tuesday evening for Lincoln where he will open an office. He expects to return here next week and again take up the work of recruiting.

Lieut. Dickson in charge of recruiting for Company B, did not receive any recruits yesterday. He said last night that he expected to recruit several more men in the next few days and place the company to full war strength.

JIAS SOLD PROPERTY.

Walter E. Brown of South Jacksonville has sold his property on South East street to R. D. McGinnison of Woodson, Illinois. Mr. Brown is now in the employ of the Hudgin Furniture company and expects to leave August 1st for Santa Ana, California, where he will make his home. He expects to make the trip by auto. Mr. McGinnison will occupy the residence after August 1st. The transaction was made thru Story's Exchange.

S. O. Barr received word yesterday from Harold Bartlett that he had passed the examination at St. Louis and left Tuesday for Port Royal where he will join the marine service. Mr. Bartlett left here Monday for St. Louis to be examined.

CHAMBER OF COMMERCE
DIRECTORS IN SESSIONCommittee Appointed to Decide on
Plan for Conduct of Organization
During Remainder of Year.

Directors of the Chamber of Commerce held a meeting Tuesday night to determine what action shall be taken with reference to continuing the work of the organization in an active way. Since the resignation of H. Jay Rodgers as secretary has December no one has been appointed in his place and association affairs have in some measure been allowed to drift. The situation is such that the directors realize that the time has come to select a new secretary or to make some change in the plan of management.

There was a free and informal discussion of the question Tuesday night with President John J. Reeve presiding. Fourteen or fifteen directors were present and all of them expressed their views. It was determined that the matter should be referred to a committee consisting of W. S. Ehnie, Henry Frisch and Frank J. Waddell for conference and action. This committee will go over the situation and determine as to what is best to do temporarily at least, and then after this decision will co-operate with the finance committee in arranging for funds to take care of the present deficit of about \$600 and to meet any obligations which may be considered justified.

CHILD IS FOUND
SMOTHERED IN BEDLucille Beck, Three Months of Age
Dies at Home Near Litchberry.

Lucille Beck, 3 months old daughter of Mr. and Mrs. O. H. Beck, residing near Litchberry was found smothered to death in bed some time Tuesday morning about 7 o'clock.

The mother left the child in bed apparently all right but when the little sister of the child, Catherine Beck went to the bed she found it dead. Coroner Rose was notified and went to the residence and held an inquest Tuesday morning.

After hearing the evidence the jury returned a verdict that death resulted from accidental smothering. The jury was composed of S. H. Cram, foreman; J. B. Shibe, clerk; Hugh R. Lindsay, J. M. Litter, Jerry Tubbs and Patrick Tubbs. Funeral services will be held from the residence today.

TRAVELOGUE AT D. O. K. K.
HALL VERY DELIGHTFUL

Members of Ilderim temple D. O. K. K. and invited guests greatly enjoyed a travelogue given at Pygman hall last night. In addition to the travelogue by Mr. Lawrence D. Kitchell there were splendid motion pictures and hand-colored stereopticon slides depicting the beauties of Glacier National park and other parts of the U. S. in the northwest. The entertainment was provided by the Great Northern railroad and Mr. Kitchell, who is accompanied by Mr. Rintoul, traveling passenger agent of the road, is visiting the larger cities and giving this lecture under auspices of some local organization. In Springfield the entertainment was given at the Sangamo club and Mr. Kitchell and Mr. Rintoul will go from here to Peoria.

The audience last night found the travelogue and pictures all that had been promised and the evening was one of very great pleasure.

WASHINGTON PUPILS

MAY DAY PROGRAM AT WOMAN'S COLLEGE

Miss Anne Floreth Will be Queen of the May—Fete will Depict the Passing Seasons

"The Fete of the Seasons" will be given as the May Day program by students of Illinois Woman's college this year. As before announced the fete will be given Monday afternoon, May 14, at 4 o'clock on the campus of the college. Miss Katherine Frisbie, director of physical training, Miss Lois Coultas of the faculty, and Miss Eleanor Sherrell have the training in charge. Each of the students will have some part to play and present preparations indicate that the May Day of 1917 will surpass all others.

The current "College Greetings" has this to say:
"In the maze of final practices, final costume fittings, final adjustments of time schedules, sight is almost lost of the fact that in only two short weeks May Day, the long anticipated and the much enjoyed will be at our door."

"Come! Hearken all you people! May the fourteenth is our festive day! Gather on our campus. Meet the sweetly demure and gentle-eyed English maidens who for your sole enjoyment will wind the long famed pole. Glad some Spring will dance before you. Daisies, violets, and butterflies will make you confess the Spring. Green summer with its garlands, gay peasants from the land of warmth and color, Jack Frost with his attendants, the gorgeous autumn leaves, quaint Finnish reapers, all will bid you welcome. Then with quick change shall appear before you snowflakes, and their ice Queen from the land of the frozen North. At last, gay in bright coats

and inked ermine, merry skaters will come to pay their share of the honor we all delight to give to our dear Lady of May."

Miss Floreth the Queen
Miss Helen McGhee, May Queen in 1915, and president of the students' association in 1916, will crown the Queen of the Fete. The new Queen, Miss Anne Floreth, is chosen by vote of the student body. Her attendants are: Misses Johanna Onken, Phyllis Wilkinson, Winifred Sale, Eleanor Sherrell, Dorothy Westphal, Mary McGhee, Gay Wright, Bernice Bowen.

Heralds, pages, and flower girls precede the Queen in her march to the throne.

The programme of the dances is as follows:
Dances of the Seasons
Spring—May Dance and Winding of May Pole—English Maidens, Spirit of Spring and Dance of Violets.

Summer—Daises and Butterflies, Tarantella (Italian), Garland Dance.

Autumn—Jack Frost, Swirling Leaves, Harvest Dance (Finnish).
Winter—Spirit of Winter, Skaters and Fairy Snowflakes.

I. W. C. GYMNASIUM FUND GIVEN BOOST

Gift of \$3,300 Announced by Pres. Harker at Chapel Exercises Tuesday—Name of Generous Donor Withheld—Gymnasium is Finely Equipped.

When the students of Illinois Woman's College assembled at the chapel exercises Tuesday morning the announcement was made of the gift of \$3,300 toward the gymnasium. At the request of the donor the name has not been made public. Naturally great enthusiasm prevailed among the students when the unexpected announcement was made.

Some time ago under the direction of President Harker a system of dial display boards was arranged at the front of the assembly room where gifts for the diamond jubilee campaign can be publicly recorded. By the action of the trustees taken some weeks ago it was determined that \$400,000 must be raised during this campaign and this is the first gift to be applied to this fund and furnishes a very substantial nestegg.

The gymnasium building is a handsome addition to the college equipment but aside from that it is probably the most appreciated by the students of any building which has been put on the campus in the last fifteen years. The main room can be used for assembly purposes and with the overhanging gallery will comfortably seat 600 persons. A stage erected at one end makes the room available for dramatic events or anything of the kind more appropriate to a gymnasium than Music Hall or the chapel room. The stage is excellently equipped with curtains and an adequate lighting system.

On the lower floor of the building is the swimming pool, which in itself ranks as the greatest attraction of the building. On this same floor are shower baths, lockers and dressing rooms. There are fourteen of these shower baths with a like number of dressing rooms. The bowling alley is at the east side of this room and the equipment is one of the most modern type. Altogether the gymnasium and its equipment will add very largely to the interest of pupils in their college life and will also vastly increase their physical well being.

Teach the children to save. One share in the Savings and Loan association costs 50c a month. The habit formed plus the \$100.00 saved, will give them a start at some future day. 44 N. Side Square.

PHI OMEGA SOCIETY HAS OPEN MEETING

Work of Conservatory Music Study Club Displayed to Good Advantage in Program Monday Night.

The annual open meeting of Phi Omega society of Illinois College conservatory was held Monday evening at recital hall with an audience of good size in attendance. Miss Lorraine Deweese reviewed current events of musical importance and Miss Mary Alexander gave on the piano selections from the fantasy pieces of Schumann. Miss Mabel Forrester played two violin numbers, the Spanish dance of Granados-Kessler and Kresler's Berceuse. "Knowest Thou the Land" from the aria from Mignon, by Thomas, was rendered by Miss Dorothy Hite. A paper on the Conservatory orchestra was read by Miss Jane Ninde and a piano number, the Sonata in F Minor Op. 7, by Grieg, was given by the same performer. Very acceptable was the work of the string quartet in the "Song Without Words" of Mendelssohn and the Spanish National Dance of C. von Weber. The quartet was composed of Dean Cochran, Miss Minnie Hoffman, Byron Carpenter and Miss Forrester.

The program followed the plan of each of the regular meetings of Phi Omega society. The rendition of each number displayed merit in high degree and the audience seemed more than well pleased by the entertainment offered.

Jacksonville lodge No. 570, A. F. and A. M., will hold a special meeting to-night at 6 o'clock for work. Lunch. Visiting brethren welcome.

SKINNER COMPANY DOES EXTRAORDINARY BUSINESS.
Omaha, Neb., May 8. — The Skinner Manufacturing Company today acquired title to the quarter block immediately east of its present factory. This gives the company a frontage of 264 feet, with depth of 132 feet; trackage on two sides. The additional property purchased was appraised at \$160,000.

It is understood the Skinner company will, in the near future, complete an addition to its present factory, using six to six feet of frontage just purchased. This will give the concern a six-story and basement factory with frontage of 299 feet and depth of 132 feet. The total floor space will equal practically 4 1-2 acres.

The Skinner company began business in a very modest way less than six years ago. In 1914 a six-story and basement brick building, having a floor space of more than 60,000 square feet, was erected, giving the concern the largest exclusively macaroni products factory in America. A year later an addition the size of the original building became necessary, and now a second addition of the same size is to be erected.

ENCOUNTERED SEVERE STORM.
J. F. Claus made a trip to Decatur Tuesday to attend a meeting of the Pythian home board. He was accompanied by Mrs. Claus and Mrs. E. G. Caldwell and the trip was made in Mr. Claus' Overland car.

On the return trip a severe storm was encountered between Illioopolis and Mechanicsburg. The wind attained the velocity of a hurricane and dirt was blown out of the newly plowed fields.

There also was hard rain accompanied by lightning. The party took refuge in a farm house until the storm passed and it was difficult to make the trip to Springfield on account of the mud. From Springfield to Jacksonville the roads were good but it rained all of the journey.

ROOSEVELT APPEALS FOR PATRIOTIC SERVICE

COLONEL ADDRESSES G. O. P. COMMITTEE IN BROOKLYN.

Many Prominent Residents of Brooklyn as Well as Committeemen and Party Leaders of County Attend Meeting—Senator Calder Dines Colonel.

New York, May 8.—An appeal for patriotic service and devotion to the nation in its hour of need, made tonight by Colonel Theodore Roosevelt before the Kings County Republican committee in Brooklyn, evoked great enthusiasm. The meeting was attended not only by the committeemen and party leaders of the county, but by many of the most prominent residents of Brooklyn. A dinner in honor of Colonel Roosevelt was given by United States Senator William M. Calder, preceded the meeting.

Having "failed in time of peace to prepare for war," Theodore Roosevelt said in a speech here tonight, the United States and the entire allies will "pay for this act of folly," before the war ends. Meanwhile he urged Americans must bear themselves manfully in the conflict "and pay with our blood," sending to the front as rapidly as possible a great force of fighting men.

Talking to a Brooklyn audience, members of the Kings county republican committee and their guests, the former president discussed the country's participation in the war in its military, social and industrial phases. He suggested incorporation of the unmarried men of the national guard of the states into regiments filled out either by the draft or from volunteers from the exempted classes, and the dispatch of these men to France or England for a period of intensive training preparatory to taking their places on the firing line.

Economy Necessary. Colonel Roosevelt emphasized necessity for the practice of economy and the avoidance of waste; said there should be no improper profit-making, but that reasonable profits should not be eliminated; discussed methods of financing the war; asserted that the great problems which confront the nation could not be solved "in a spirit of class greed" with capital and labor not in partnership.

America has a two-fold duty at this time, Colonel Roosevelt said—first, "immediately to meet with every instrument already available the immediate needs of the war," and second, "permanently to shape policy not merely in military, but in social and industrial matters, so to place this republic on a permanent foundation of justice and strength."

Reiterating an appeal of obligatory service, the colonel again urged volunteers, not included in the draft, saying the men could be placed at the front within ninety days. "Any attempt to keep our men here and train them for a year before sending them over," he said, "would mean that we would rightly awaken the scorn of our allies for the delay, and that the men trained here, and not at the theatre of war would be imperfectly trained from the standpoint of modern warfare."

Expresses Admiration for Guard. Expressing the highest admiration for the national guard, the colonel said there probably "never" was a worse blow struck against our military efficiency than the passage of the Hay Bill.

"The only wise and patriotic course to follow in connection with

the national guard," he declared, "is to use each national guard regiment as a basis, and frame for a regiment of United States volunteers. Under these circumstances, all the officers and enlisted men, who are fit to go, or who ought to be asked to go, would be transferred into the new volunteer organization, making a skeleton, or frame-work organization, which would then be filled out either by draft or by volunteering, as necessity might demand. In this manner we would leave in the state those who ought never to be asked to go out of the state, or to perform other than the ordinary state duty, and we would use the men who ought to go as a nucleus on which to build a regiment fitted to render the most efficient service in war."

Meanwhile, he said, the flag should go to the firing line at once with men including volunteers from the exempted classes "in order to make good our position until the principle of universal obligatory service begins to produce its full effect."

Back of the military preparation and essential to it, Colonel Roosevelt continued, must be industrial and agricultural preparation. No more pleasure craft should be built, but only cargo ships and cruisers he said, and flower gardens must give way to food areas.

The excellent meeting held by the Jacksonville W. C. T. U. at the home of Mrs. Etta Masor was fittingly and restfully brought to a close by two solos rendered by Miss Margaret Irvin, who was accompanied on the piano by her sister, Miss Ruth Irvin. The national and state officers of the W. C. T. U. have sent out an urgent call for "Comfort Bags" for the soldiers. The Jacksonville W. C. T. U. decided to comply with this call by each member making and filling one or more of these bags. We invite any one not members to join us in this work. Men and women; the men can furnish material and the women can do the work. All who wish to help a little can send the finished bags, filled, to the home of Mrs. S. J. Cocking by Wednesday, May 15. Directions for W. C. T. U. Bags: Strong cretonne or khaki, 36

inches long, 1 yard wide. Turn down two inches at top for frill, stitching two rows one inch apart for casing for two strings, each 21 inches long, and run in either side for opening and closing the bag. When finished the bag should be 9 inches long, 7 1/2 wide.

Contents of Bag.

Two sizes of black and white buttons.
One spool of patent thread.
One spool of white thread No. 24.
One spool black thread, No. 24.
One card white darning cotton.
One card black darning cotton.
One pair small blunt scissors or closed, 3 1/2 inches long.
One package court plaster.
One Testament.
One white Ribbon Songster.
Pledge card.
Leaflets on purity, tobacco and temperance.
Six needles, No. 5.
Six coarse darning needles.
Six safety pins.
One piece narrow tape.
One pin ball, two inches wide, filled with pins.
One small, flat roll of absorbent cotton.
One small roll of clean muslin for bandage two inches wide, 3 yards in length.
The cotton and muslin bandage may be bought at the drug store (pharmacy). If khaki is used, put in a spool of that color with the white, also some buttons.
A good motherly letter. Boys, look for this first.
Here is another call which comes from our state superintendent of department of soldiers and sailors.

Soldiers and Sailors.

M. L. Dines, State Superintendent. I have just learned through our national superintendent, Mrs. Thacher, that we have at Fort Bliss wounded, suffering soldiers in a needy condition. I will quote from a letter just received: "The state troops many of them have returned home, but there are 30,000 regulars from all over the United States at Fort Bliss. These boys must be cared for. Three hundred are ill with pneumonia, 60 died in February, 1917. Our nation need our help just now. The soldiers need jellies, grape juice, and other delicacies, games, puzzles, books, and other reading matter; anything to amuse the convalescent should be sent at once. About 1,000 ill at Fort Bliss alone. I beg of you to help."

You can send direct to Fort Bliss, Texas, care General Commander for Hospital. Money can be sent thru state treasurer.

At this writing the sub-committee of the house ways and means is in a session wrestling with a proposition to increase the revenue by placing a higher tax on whiskey and beer. The annual waste of grain for making whiskey and beer is approximately 135,000,000 bushels. An increase of revenue calls for an increase of grain. Illinois has two representatives on this committee, Mr. Henry T. Rainey and Mr. John A. Sterling. Every voter in Illinois should at this time, (today, tomorrow may be too late) write to these men urging these men to vote against this proposition, increasing the tax on whiskey and beer.

Dry Counties of the United States. While watching the triumphal march of the state toward prohibition, do not forget the rapidly increasing number of counties that are joining the dry procession in both wet and dry states. Last year added over 200. The tally is now as follows:

Dry counties 2290
Wet counties 708

Total counties in U. S. 2997
The question is naturally suggested by these figures: "Why should 708 counties out of 2,997 determine the policy of our government upon the liquor question?"

Do you know that there are 140 saloons in Chicago within 250 feet of school buildings in violation of the state law?

Wets are Violent. College faculty is compelled to appeal to governor for protection against mob celebrating saloon victory.

The faculty of McKendree college at Lebanon, Ill., was compelled to appeal to Governor Lowden for protection against violence by the wets of the city, who, on April 18, celebrated the saloon victory in Lebanon.

When it became known that the wets had carried the local option election a mob of 300 marched to the college where they met the students who were drawn up to receive them. The home of J. C. Dolly, dean of the college, was attacked, and when he attempted to address the mob he was pelted with mud. Fifty students, headed by Professor Reese Brentzel, drove back the rioters. The mob threatened to return later and burn the college buildings.

Professor Dolly, whose home was attacked, is president of the Law and Order League and led the fight for the dries in the recent campaign. The college influence was wholly on the side of the dries. The mob formed at a saloon where the wet victory was celebrated.

The next meeting of the Jacksonville W. C. T. U. will be held at the home of the president, 310 West North street, Wednesday, May 16, 2 p. m.

SURPRISE PARTY GIVEN FOR MISS RUTH TITUS

Pleasant Event at Concord in Honor of Birthday of Young Woman—Christian Church Ladies' Aid Meets With Mrs. Valentine—Other Concord News.

Concord, Ill., May 7.—Glenn Caldwell was at home a few hours Sunday after completing a week's run in the railway mail service from Beardstown to Flora, Ill., then left on 47 to run from Keosauqua, Iowa, to Logansport, Ind.

Mrs. Thomas Titus and daughter, Miss Ruth Titus, planned and executed quite a pleasant surprise on Miss Ruth Titus on her birthday last Friday evening. Those who were there, despite the unfavorable weather and roads, enjoyed a very agreeable time and were certainly royally entertained in every way and wish for many happy returns of the event.

Mr. and Mrs. John Yeck spent Sunday near Hagenet.

Mr. and Mrs. John McGinnis of Jacksonville are visiting her mother, Mrs. Mary Ator.

Mrs. Anna Valentine and daughter, Miss Irene, were Jacksonville shoppers Monday morning.

Mrs. Arch McConnell went to Arenzville Monday to visit her daughter, Mrs. Frank Probst, who is quite indisposed still.

Mr. and Mrs. E. G. Caldwell of West College avenue, Jacksonville, visited Mrs. Caldwell and family Monday.

Mrs. Fanning of the I. W. C. and Miss Rimbey, R. N., of Jacksonville, were in Concord Monday.

Miss Kathryn Estes of Winchester was in Concord Monday.

The Ladies Aid of the M. P. church will be entertained by Mrs. Fred Glider Thursday afternoon.

Mrs. Mary Wilson of Chapin visited her daughter, Mrs. C. D. Rexroat, Saturday before leaving for an extended stay in the Allegheny Mountains for her health.

The Ladies Aid of the Christian church met with Mrs. Anna Valentine last Thursday afternoon.

Mrs. Rebecca Hatfield was in Jacksonville Monday morning. Spencer Smith spent Monday in Jacksonville on business interests.

Misses Margaret Coultas, Bertha Miner and others of Winchester were in Concord Saturday enroute to Jacksonville to attend the symphony concert there.

George Coultas brought up from Winchester yesterday in his Hudson car Misses Bessie Pieper, Inez Siefert, Helen McLaughlin and Frances Coultas.

SCOTT'S "CHAPPO" HORSE

No. C, 9576

Dark brown. Saddle bred. Pluck or courage is derived from high and thorough breeding. The saddle horse has the fastest walk, the most flexible trot, and the easiest canter. His versatility makes him the most useful horse.

"CHAPPO" is a horse combining great style, elegant proportions, high speed when necessary, with undaunted courage. An animal that is not only fast and blood-like in appearance but is also fit to carry weight or draw a light load.

The Real Greatness of the Maxwell Is in Its Perfected Mechanism

Mechanical perfection has made the Maxwell endurance champion of the world—the most economical car to run—a source of complete satisfaction to 200,000 Maxwell Owners.

Let's consider the Maxwell first as a piece of machinery, —for that's what a real automobile is—a machine. Fancy upholstery, enamel, a highly polished instrument board are excellent things, —but they don't make a great motor car. Motor-car merit depends, first, last and always, on mechanical construction, —on the parts that are hidden from your view. The Maxwell has grace of form and line—travels easily—is roomy and comfortable, —a novice knows that—it's obvious. But, let us pick the car to pieces and see what you actually get for your money.

The Sturdy, Masterful Chassis

In the first place, there is one—and only one—Maxwell chassis, —and that chassis not an experiment, —not the whim of some designer who craves a reputation to be different or original. Nobody is permitted to tinker with that one Maxwell model, —no smart ideas are allowed to swerve it from its course of development, refinement, perfection along the known, proved, time-tried principles of automobile construction.

The Maxwell Engine is the Embodiment of Efficiency and Power

The Maxwell engine is the concrete manifestation of efficiency and power brought up to an almost unbelievable point of perfection. It has much of the velvety smoothness characteristic of the motors in high-priced cars, —plus power, economy, reliability and simplicity.

This marvelous motor is daily taking Maxwells over tens of thousands of miles of the hardest sort of going at an average cost of only \$3 to \$8 a month.

One of these Maxwell engines—just like the one your Maxwell will have—went for 44 days and nights without stopping, carrying a Maxwell over all kinds of roads, in all kinds of weather, at a rate of 25 miles an hour, on 22 miles per gallon of gasoline.

Some Other Mechanical Factors That Make the Maxwell Great

The Maxwell axles stand up like the foundations of a mighty skyscraper.

—they are designed, forged, heat-treated and built complete in our own factories.

The Maxwell transmission—noiseless, self-lubricating, trouble-proof—is the height of mechanical sanity and surety.

The marvelous Maxwell clutch—running in oil, simple, smooth, wear-proof—has an efficiency greater than that of any other car, no matter how high-priced.

Besides—each part of the Maxwell chassis is made of only the finest metal that can be procured.

—and then only after the material has been subjected to the most rigid tests known to science.

Buy the Car That Stands the Test

Don't buy a car on looks, but find out just what is inside it —if the vital parts of the car are mechanically right.

The more you study the Maxwell the more certain you will be, as we are, that the Maxwell is the world's greatest motor car value.

Come to our sales rooms and let us prove to you that the Maxwell is mechanically right.

Roadster, \$650; Touring Car, \$665; Cabriolet, \$865; Town Car, \$915; Sedan, \$985; completely equipped, including electric starter and lights. All prices f. o. b. Detroit.

PROMINENT ILLINOIS WOMAN GIVEN NEW LIFE AND STRENGTH.

East St. Louis, Ill.—"I was sick with
chills and nervous-
ness and the medi-
cines used did not
help me. Then (the
doctor doing me no
good) I tried 'Fav-
orite Prescription.'
The first few doses
made me feel bet-
ter. I also used the
'Pleasant Pellets'
with this remedy.
Both together gave
me new life and
strength, and I came
out of the illness in good shape. The
'Favorite Prescription' became a 'stand-
by' for me. I have since used it when
in a delicate way and it has been of
great benefit. It is a true Woman's
Medicine."—Mrs. John M. Moberg, 917
Winstanley Ave., East St. Louis, Ill.

THAT WEAK BACK

Accompanied by pain here and there—
extreme nervousness—sleeplessness—may-
be faint spells, chills or spasms—all are
signals of distress for a woman. She may
be growing from girlhood into womanhood
—passing from womanhood to mother-
hood—or later suffering from that change
into middle life which leaves so many
weeks of women. At any or all of these
periods of a woman's life she should take
a tonic and nerve prescribed for just
such cases by a physician of vast expe-
rience in the diseases of women.

Dr. Pierce's Favorite Prescription has
successfully treated more cases in the past
50 years than any other known remedy.
It can now be had in sugar-coated tablet
form as well as in the liquid. Sold by
medicine dealers or trial box by mail on
receipt of 50 cents in stamps.

Dr. Pierce's Pleasant Pellets regulate
stomach, liver and bowels—sugar-coated,
tiny granules.

CHICAGO STOCK YARDS

Oliver S. Green with Walter Bros.,
U. S. Yards, Chicago, reports the
estimated receipts for Monday, May
7th:
70,000 cattle,
30,000 hogs,
14,000 sheep.
The different buyers made an ef-
fort to buy all classes of cattle lower
and some of the in-between kinds
sold 10 to 15c lower than last week's
close but the top kinds were strong
and everything else about steady at
the close. Best cattle at 14.47, 84
head in the lot at 13.40. Several
loads weighing 1400 to 1550 at
12.25 to 12.30. The list selling at
12.50 to 13.00 was small. Butcher
sheep consisted of a moderate
supply of poor grades as to flesh
and quality, sales generally steady
to the lower. Bulls strong to 15c
higher, veal calves held steady. The
run of stockers and feeders was light
and prices show strong to 10c higher
than last week's close, all grades are
at record levels for the time of year.
The country demand now that cattle
can be turned on grass, was good.
Receipts of hogs was larger than
expected and they sold generally 5
to 10c lower. At a late hour the
market was full steady, best butch-
ers made 15.80. Bulk of the others
15.40 to 15.70. Sheep and lambs
cleared a new high level, strong to
15c higher. Colorado fed weaned
lambs reached 17.00.
We sold 2 carloads of cattle for
Mr. S. M. Butler of Morgan county
at 12.65 at 12.40 that arrived late
and the fill was unusually good and
that made the cattle sell at a slight
discount.
Native beef cattle quotations:
Choice to prime heavy beefs,
12.75 to 13.40.
Good to choice corn fed, 11.25 to
12.60.
Medium to good light short fed

to 15.60.
Rough heavy packing, 14.75 to
15.10.
Select packing and shipping,
15.15 to 15.80.
Pigs and throwouts, 1.00 to 15.10.
Sheep:
Shorn native ewes, 8.00 to 14.25.
Shorn western ewes, 8.50 to
13.00.
Shorn bucks, 5.00 to 11.50.
Shorn native lambs, 13.50 to
15.00.
Colorado lambs, 12.25 to 17.00.
Shorn western lambs, 11.50 to
14.50.
Western shoring lambs, 17.00.
Respectfully yours,
Oliver S. Green.

KANSAS CITY MARKETS

Kansas City Stock Yards, May 7
1917—Demand for thin cattle was
stronger last week than heretofore,
and prices advanced 25 to 25 cents,
the week closing firm, with the
yards well cleared. Receipts Mon-
day this week were larger than ex-
pected, at 14,000 head, which in-
cluded a train of stock cows en-
route from Texas to Montana. Sales
Monday were strong, one of the first
sales of the day being five cars of
Kansas White Face two year olds,
788 lbs., at 10.30, fancy stock heifers
at 10.25, another early sale,
some cows with young calves sold at
9.00 to 11.50. Stock steers sell from
8.00 up, and stock cows common
at 7.00 and work upwards. A very
high range of prices for finished
cattle for a year ahead, possibly for
several years, is regarded as inevit-
able, and men who buy stock cattle
now will be in a position to make
the most of a good corn crop.
Should there be one this year. Prob-
ably young cattle are regarded with
more favor as having the best
chance for profitable outcome, but a
fair number of men are buying feel-
ing steers, sales of that class at 9.50
to 10.50, with fleshy steers frequent-
ly around 11.00. Beef cattle are
becoming very scarce in native ter-
ritory, and the run of Western pale
fed steers, which has been supply-
ing buyers at Missouri River mar-
kets with most of their good beef
for nearly two months, is practically
exhausted. Texas has been dry
again this year, and will furnish
few fat steers for the late spring and
early summer market, which makes
the May and June market for fat
steers look strong. Increased sup-
plies of hogs recently have enabled
buyers to prevent advances in the
market, and immune hogs are not
quite as high as at the best time,
selected natives at \$15 to \$15.50.
Westerns and Southern \$14 to \$15.
Brusher goats are extremely scarce
here this season up to this time, a
few loads last week at \$8 to \$9. Us-
ually in May thousands of these
goats are coming to the market but
spring rains were late in the South-
west this year, and while we will get
some goats in May, the number will
be comparatively small.

Market Correspondent.

Local Man Tells How Wife Finally
Gained Relief—Lauds Tanlac.

William Henderson, prominent
local retired farmer of 819 West La-
fayette avenue, is a firm friend of
Tanalac, the new medicine, because it
aided his wife after dozens of other
preparations had failed.

"It's a fact, my wife had tried
dozens of medicines but none of them
relieved her stomach until she began
using Tanlac," Mr. Henderson said
on May 1. "Invariably after meals,
gas would form in her stomach and
she'd suffer severe pains. It was very
hard for her to sleep at night and
she seldom got to sleep before mid-
night. She always felt tired and worn
out in the morning. Her feet and
limbs would become terribly swell-
en, at times, too. Blisters appeared
on her face very often.

"The relief Mrs. Henderson has
gained from one bottle of Tanlac
convinces me that the medicine will
soon completely overcome her
troubles. She eats more heartily,
now and thoroughly enjoys her
meals as the gas formations and
pains in her stomach have ceased to
occur. The swelling in her feet and
limbs has gone down considerably
and she's not so nervous now. She
sleeps better at night, too, and feels
fine when she gets up in the morn-
ings. The blisters on her face are
also fast disappearing."

Tanalac, the master medicine, is
especially beneficial for stomach,
liver and kidney trouble, catarrhal
complaints, nervousness, sleepless-
ness, loss of appetite and the like.
Tanalac is now being introduced
in Jacksonville at the Coover-Shreve
Drug Co., East Side store, where a
special Tanlac representative is ex-
plaining the new medicine to the
public daily. Tanlac also may be ob-
tained at the West Side store of the
Coover-Shreve Drug Co. It is sold in
Waverly at the Wyle Drug Co.; in
New Berlin at the New Berlin Drug
Co.; in Ashland at H. O. Brownback's
in Versailles at A. G. Bates' and in
Chapin at P. P. McKinney's.

International Corn Planters Have a Habit of Pleasing

If your neighbor owns
an International corn
planter, you don't have
to be told that he is
satisfied. You know it,
and we know it. The
International corn
planter satisfies because
it is simple and because
it plants corn the way
you want it planted. A
strong feature is the ad-
justable runner frame, keeping the runners even and
the hoppers level, no matter what the height or speed
of your team. This mean accurate dropping and even
checking instead of zig zag. It is a very convenient
planter under all conditions.

The International is the corn planter that deserves
to be looked over by every farmer who wants to get
the most out of his cornfields. It wastes neither seed
nor ground, it handles easily, and it lasts as long as any
farmer could ask.

Come in the first time it is convenient and study an
International planter. Made in five styles—own the
style that suits you.
